Numarası:.....

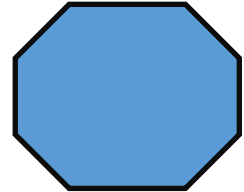

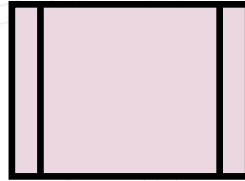

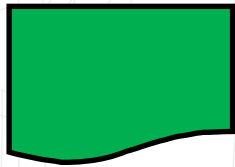

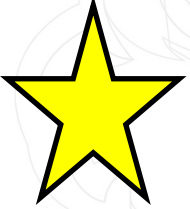

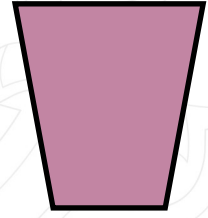

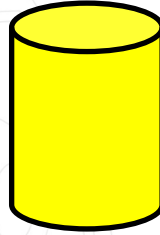

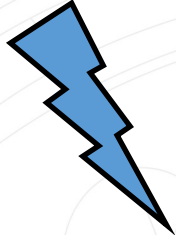

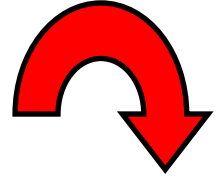

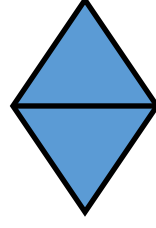

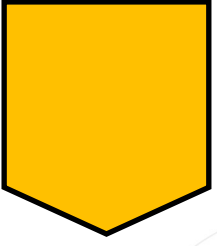

**Simetri:** Bir nesnenin, şeklin ya da resmin birbirine iki eş parçaya ayrılmasına simetri denir.

Örnek:

Aşağıda verilen şekillerden simetrik olan şekilleri iki eş parçaya bölüp, simetrik olmayanın altındaki kutucuğu işaretleyelim.

A

D

F

E

Aşağıda verilen şekillerin karşısına simetriğini oluşturalım.
